I am an enthusiastic and ambitious computer engineering student with a great passion for programming, sports and travelling. I am looking forward to applying my technical skills while participating in collaborative team projects.

WORK EXPERIENCE

01.2025
NOW

BSH — DIGITALIZATION PRODUCTION SYSTEMS INTERNSHIP.
ZARAGOZA, SPAIN.

Supported the digitalization of production systems by analyzing manufacturing data and automating workflows. Assisted in the integration of Industry 4.0 technologies to optimize efficiency. Collaborated with cross-functional teams to improve process monitoring and data-driven decision-making.

2023
2024

PRIVATE CLASSES.
ZARAGOZA, SPAIN.

I gave classes to a first-year computer engineering student, as well as mathematics and technical drawing classes to high school students.
